CHIPPER SHREDDER MODELS

CS7-205V / CS7-305V / CS9-392V / CS9-392VRT

THE STORY OF TIGER CHIPPER SHREDDERS

Designed and manufactured in New Zealand by Stevens Manufacturing - A third generation family business.

From our beginnings in mid-70's up to today we have been involved in engineering, manufacturing, property maintenance and since the early 80's in the Outdoor Power Equipment (OPE) industry.

This has developed in us a passion for machinery that makes grounds maintenance **easy and enjoyable** while achieving the **best result** in the **shortest time**.

TIGER FAMILY

CS7-205V / CS7-305V
CS9-392V / CS9-392VRT

PERFECTED FOR ACCLIMATISED PERFORMANCE

Being involved with some of the best brands of machinery in the world leads us to accept nothing less than the best possible performance.

Having large properties to maintain has led us to an awareness of the work involved in grounds maintenance. Constantly maintaining a beautiful property and **using the waste in an environmentally friendly, sustainable way with limited time and effort** has become an absorbing objective for us.

For over 30 years we had extensive exposure to chippers and chipper shredders from manufacturers around the world but found short comings with all of them.

We decided to design and build a machine that overcame these short comings. We were able to draw on the best features of all the equipment we'd had experience with and then add our own ideas.

THE TIGER RANGE

Today's TIGER Chipper Shredder range is the result of this, plus years of testing, refinement, and customer feedback from the hundreds of machines we have produced.

We know you will find the TIGER a very productive machine that's **easy and enjoyable to use** and quickly produces great mulch from a wide variety of trees and plants.

The shredded material is nice to handle and will compost quickly, retain moisture, control weeds and feed your garden.

Teaming up your TIGER with a Walker Mower to create a ride-on chipper shredder even more work and eliminates the need to gather up shredded material – simply shred into the catcher and ride away!

Enjoy your TIGER in your garden.

Manufactured in New Zealand by Stevens Manufacturing a division of Stevens Products Ltd.

KEY FEATURES

Diamond shaped feed chute designed for easier feeding
Chipping and Shredding in a single chute

Fixed gate for consistent, fine mulch

Reversible high quality steel Chipper knives for long life

High exit chute for discharging into trailer or onto gardens

Reversible high quality steel, serrated flail knives for fine mulch and long life

Reliable, commercial quality Vanguard Engines

Reversible four sided-abrasion resistant anvil for long life

Large pneumatic wheels for easy movement

DESIGNED SMARTER FOR EASE OF USE BUILT STRONG FOR HIGH PERFORMANCE

TIGER - TOUGH OUTDOOR EQUIPMENT FOR ALL YOUR CHIPPING AND SHREDDING NEEDS

REDUCE / REUSE / RECYCLE

Take care of trees, yard debris, and green waste (hedge clippings, old plants and leaves) in your yard, lifestyle block or farm. The TIGER Chipper Shredder is a versatile, easy to use all-in-one chipper shredder, that chips branches up to 70mm (CS7) & 90mm (CS9) in diameter, and shreds green waste to a fine mulch. The cleverly designed, single diamond-shaped chute feeds easier, for simpler, more comfortable use.

DIAMOND-SHAPED CHUTE

- Diamond-shaped feed chute for easier feeding
- Single infeed chute for BOTH chipping and shredding
- Up to 70mm (CS7) & 90mm (CS9) branch capacity.

EASY COLLECTION

- Adjustable, raised output chute to direct your mulch to the wheelbarrow, trailer or garden bed

EASY TO MOVE

- Large, comfortable, integrated handles for easy movement
- Large pneumatic wheels for increased manoeuvrability and transport around the property

CHIP

- Two blades cutting against a toughened anvil chip branches into small manageable sizes for faster composting.

SHRED

- Six double-edged shredder knives mulch green waste in the same chute. No unnecessary separation of separation of branch and foliage.

REDUCE RECYCLE

- Two fixed gates hold garden waste in the cutting chamber, producing finer mulch for greater volume reduction and faster composting.

LOW MAINTENANCE

- Double-edged chipper blades for extended life of wearable parts
- Reversible chipping Anvil with four usable edges is manufactured from tough abrasion and wear resistant steel for long life.
- Double-sided flail shredder knives for extended life of wearable parts
- Reversible chipping knives are manufactured from long lasting hardened carbon steel
- High performance, reliable Vanguard Engines

CS7 MODELS

CS7-205V – 6.5 HP Vanguard Engine

CS7-305V – 10 HP Vanguard Engine

Great for the home garden or lifestyle block the CS7 TIGER Chipper Shredder models are versatile, easy to use all-in-one chipper shredders, that chip branches up to 70mm in diameter, and shreds green waste to a fine mulch. The cleverly designed, single diamond-shaped chute feeds easier, for simpler, more comfortable use. Turn trees, yard debris, and green waste (hedge clippings, old plants and leaves) into valuable mulch and compost fast.

MODEL	TIGER CS7-205V	TIGER CS7-305V
Type	2-in-1 Chipper Shredder	2-in-1 Chipper Shredder
Chipping Capacity	70mm (2.75")	70mm (2.75")
Infeed chute opening	390mm x 390mm	390mm x 390mm
Chipper Blades	2 x 80mm long double edge tool steel blades	2 x 80mm long double edge tool steel blades
Shredder Knives	6 x serrated flail blades	6 x serrated flail blades
Feed system	Gravity / Self Feed	Gravity / Self Feed
Drive system	1 x B section vee belt and clutch	2 x B section vee belt and clutch
Wheels	11" Pneumatic wheels	11" Pneumatic wheels
Engine	Vanguard 205cc (6.5HP)	Vanguard 305cc (10HP)
Fuel capacity / fuel type	3.1 Litres / 91 Unleaded	5.3 Litres / 91 Unleaded
Machine Warranty (Residential only)	24 Month registered or 12 month non-registered	24 Month registered or 12 month non-registered
Engine Warranty	3 Year warranty	3 Year warranty
Dimensions (L x H x W)	1165mm x 1325mm x 830mm	1200mm x 1325mm x 830mm

CS9 MODELS

CS9-392V – 13 HP Vanguard Engine
CS9-392VRT – 13 HP Vanguard - Road towable version

The CS9 TIGER Chipper Shredder models are made for serious work.

Versatile, easy to use all-in-one chipper shredders that chip branches up to 90mm in diameter, and shred green waste to a fine mulch. Large wheels and great balance for easy movement combined with loads of power for high production make this chipper shredder an outstanding performer.

A well-balanced chipper shredder that can take care of tree, yard debris and green waste (hedge clippings, old plants and leaves). Great for the large garden, lifestyle block or rental centre.

MODEL	TIGER CS9-392V	TIGER CS9-392VRT

ACCESSORIES

REMOVABLE DRAW BAR KIT

Tool-free installation and removal. Just insert, twist and go!

- 1) Insert spring loaded draw bar into guide on base.
- 2) Turn until it clicks.
- 3) Connect to your mower and go.

TIGER TURNTABLE KIT FOR WALKER GHS MOWERS

Teaming up your TIGER with a Walker Mower to create a ride-on Chipper Shredder saves even more work and eliminates the need to gather up shredded material – simply shred into the catcher and drive away!

Connect the CS7 TIGER Turntable Kit to the Walker Mower with the Draw Bar Kit and then simply rotate the TIGER Chipper Shredder chute a quarter turn to collect the mulch in the Walker Mower GHS Catcher box.

- 1) Insert the TIGER catcher door into the Walker GHS Catcher box.
- 2) Rotate the TIGER Chipper Shredder a quarter turn and adjust the output chute height to the correct position.
- 3) Start collecting your garden waste for removal.

ACCESSORIES	P/N
Lawn Tractor Draw Bar Kit (fits only CS7 models)	1460
Lawn Tractor Draw Bar Kit (fits only CS9 models)	1660T
TIGER Turntable Kit for Walker GHS Mowers (7 bu) (fits CS7 models only)	1470
TIGER Turntable Kit for Walker GHS Mowers (10 bu) (fits CS7 models only)	1480

““

John, Orere Point

After looking around, came to the conclusion that the TIGER Chipper Shredder has some innovative features that others didn't, like the angled feed chute. It has exceeded our expectations...

””

““

Darryll, Auckland

After comparing several chippers, we settled on the Tiger chipper. It's solidly built without being heavy and hard to manoeuvre. We use it on citrus and avocado prunings as well as barberry hedge trimmings. We mulch straight back onto plant bases. Its easily pushed around by hand or as we do, towed around behind our ride on mower.

””

““

Blair, Upper Hutt

It's an awesome piece of machinery!
